## **SOAR: An Immersive Inclusive Leadership Experience**

The LPGA tour's Great Lakes Bay Invitational will be held July 12-17, 2021, at the Midland Country Club. Dow will host SOAR – an immersive inclusive leadership event.

SOAR is designed to drive positive change and build inclusive cultures and communities that value diversity and strengthen the places where we live, work and do business.

Through courageous dialogue and a working session, we will hear new perspectives and identify concrete actions that each of us can take to advance inclusion in our organizations and communities.

Join Dow leaders and a host of speakers from the corporate world, the sports industry and our home state of Michigan, all leveraging their unique platforms and passion to accelerate inclusion, diversity and equity.

We look forward to your participation at SOAR!

Please review the information below for important logistic and event details.
